

PROCUREMENT PROFESSIONAL DEVELOPMENT

Broaden and deepen your procurement functional expertise through interactive and engaging hands-on training.

Using the art of procurement with latest learnings in the field of neuroscience, this training focuses on fun and interactive way of knowledge retention.

HOW DO WE TRAIN?

EFFECTIVE MICRO - LEARNING

We create byte size modules to support effective content retention.

REAL WORLD APPLICATION

We actively involve participants to generate solutions through role plays/case studies.

NEW AGE TECHNOLOGY

We do not support powerpoint overload; rather use tech the right way

TESTIMONIALS

"Interactive, absorption integrated training that is ideal to learning and has a HUGE potential. A training like this is rare!"

"It was good experience from assessment, training to feedback on negotiations."
